

## Lake Truck Lines Announces New Chief Operating Officer

### Bruce Booker takes over the day-to-day operations

San Antonio – November 28, 2012

 Douglas Cain, President of Lake Truck Lines, Inc., has announced the promotion of Bruce E. Booker to Chief Operating Officer of the 63 year old company. Mr. Cain will still be an integral part of Lake Truck Lines, but he will devote more of his time to its subsidiary, Lake Oilfield Services, which manufactures and services oilfield equipment.

Mr. Booker received a Bachelor of Science degree in Electrical Engineering from Prairie View A&M in 1992. He has been with Lake Truck Lines since 2004 and in 2010 he was promoted to Operations Manager of the Gulf Coast Division in East Texas. In a candid statement, Mr. Booker responded, “I am ecstatic, honored, and humbled by such an opportunity to serve as the Chief Operating Officer of Lake Truck Lines. I am dedicated to my faith, family, and this company. I will maintain a commitment to excellence and continue the legacy established by the two great men before me - Mr. Joe Cain and Mr. Douglas Cain.”
